

Environmental Policy

Coates Civil Pty Ltd acknowledges a responsibility to the environment, and we display our commitment towards implementing safe practices which will promote environmental sustainability. The following policy governs the management of the environmental aspects of our company, with a strong focus on the conservation of resources and the reduction of waste.

This policy relates to how our company will be continually reviewed and improved, so that we can always be able to integrate environmental and social considerations into our everyday practices.

Our Company's environmental management system applies to all operations and services of the company throughout. The staff here at Coates Civil Pty Ltd is expected to comply with the spirit of this policy in the context of the organisation in which they work. Foremost, we look to continually train all staff to adopt our policy as our attitude and mindset expressed through the quality of our work.

We, at Coates Civil Pty Ltd aim at achieving continual environmental improvement through implementing a management system with objectives and targets

**to
minimise our environmental footprint
by
working with staff and other stakeholders
through
pollution prevention practices
in
compliance with legal and other requirements
& be
a role model for others to follow.**

To achieve the above, we will provide the necessary resources, skills and training to assist all stakeholders to work in accordance with our management system developed in accordance with ISO 14001.
